**Application for Logos Bible Software Program for
Mississippi Baptist Convention Board Bivocational Pastors**

Bivocational pastors in our churches are such a very important part of our convention and the Kingdom of God, and we praise God and thank them for their faithful service. To express our appreciation for them, and to assist them in their challenging ministry, the Mississippi Baptist Convention Board is pursuing the possibility of providing qualifying bivocational pastors in our cooperating churches a base package of the great Bible study and preaching help software resources from Logos Bible Software. To qualify for this opportunity, you must be an ordained, bivocational pastor at a MBCB cooperating church. For this program, we define a bivocational pastor as *“a man who is employed in one or more occupations apart from his paid service as pastor of a local church, where the church does not provide a salary sufficient for him to devote fully funded service to the church field.”*

The Logos Bible Software package being offered is the *Logos 9 Baptist Bronze Program*, featuring over 160 Bible study and preaching resources valued at over \$6,900. Pastors who qualify for the program must pay \$50 out-of-pocket, and the MBCB will pay the balance of the costs, which will be \$265. The pastors who receive the package will also need to attend a training seminar (via either Zoom or physical meetings) to learn how to effectively use the Logos Bible Software. The packages will be available to the first 250 qualifying bivocational pastors who apply. Once approved for the program, pastors will be contacted with instructions on paying the \$50 fee.
